EAU CLAIRE PEOPLE RECEIVE WARNING

EXPLOSIVES BURIED AND THEY FEAR BEING BLOWN UP.

Word Sent By a Minnesota Lawyer That Burglars Buried a Lot of Explosives—Corporal Penewell Killed at Kenosha—Green Bay Pastor Will Go to Evansville.

Eau Claire, Wis., April 15—E. Crane, a reliable lawyer of Austin, Minn., who defended two burglars who were arrested at Eau Claire and taken to Austin, wrote to Chief Higgins of this city that the burglars had buried here two bottles of high explosives and some dynamite. Mr. Crane said that great care must be exercised as a slight jar would set off the explosives. He also sent a map, made by direction of the burglars, which indicated that the stuff was buried under the floor of a shed in the rear of a saloon in the Tenth ward. Chief Higgins today had the floor taken up and the ground dug over, but found nothing. People in the neighborhood are exercising great caution in making gardens and digging bait.

An orchestra leader says that over a hundred dancing parties were held in this city last winter.

ARE BEHIND WITH PLOWING

Rock County Farmers Find the Present Season a Late One.

Rock county farmers are considerable worried on account of the backward spring, which has greatly retarded their work. The frost is not yet out of the ground and thus far they have not been able to strike a lick in the direction of plowing. It is not thought that with the mildest kind of weather the ground will be in proper condition for plowing before next week. Between then and growing time the farmers will have all the work they can attend to and it will make them hustle to get their fields planted in time to prevent a late crop.

NEWS IN REGARD TO LOCAL POSTOFFICE

QUESTION OF SITE WILL SOON BE SETTLED.

Treasury Officials Waiting For Action to Be Taken By State Legislature—Requests For Bids For Sites Will Be Issued Within a Short Time—Washington Dispatch.

More important news regarding the Janesville postoffice was given in a Washington dispatch this morning. The Sentinel's correspondent has the following to say:

"While it is not yet known by the treasury officials what action will be taken by the Wisconsin legislature in regard to the recognition of United States authority upon the tracts of land to be acquired by the government for public buildings in Janesville and Eau Claire, it is said that the matter will be soon settled and that the requests for bids for the sites will be issued within a short time. If the same experience is had by the department with reference to the above cities, as has follwed in cases of other cities, where bids for sites have been invited, there will be no difficulty in obtaining a sufficient number of sites to select from. Almost any city where a public building is to be located has already filed proposels to furuish from ten to twenty sites."

SUNDAY SERMONS AT THE CHURCHES

MANY INDUCEMENTS OFFERED CHURCH GOERS.

Themes of Janesville Divines to Be Expounded From the Pulpits of the Several Places of Worship Tomorrow—Special Sacred Music Also An Incentive.

Janesville church goers will certainly find some topic in the following pastorial themes to interest them and be an incentive for them to worship divinely tomorrow, and to add to the worship, sacred music will be discoursed:

Court Street M. E. Church—The pastor will preach morning and evening. The morning theme will be The New Disposition in Our Savior's Blood. Communion will be administered. As the parable of The Prodigal Son was very favorably received, Mr. Hall feels warranted in treating in a similar manner, that is, by running exposition some other parables. He will therefore begin tomorrow evening The Parables Spoken by the Sea. The choir will sing very choice selections morning and evening. Evening themes, "Savior Breathe an Evening Blessing," by Havens, and "I Will Lay Me Down in Peace," by Gudsby. Every seat free. Come.

First Baptist Church—Arthur C. Kempton, pastor. The April number of "Church Echoes" will be distributed at close of all services. Public worship at 10:30 a. m. with sermon by the pastor on "What Is Sin?" This will be the third sermon in the series, "Fresh Light on Old Truth." Music by trained quartette. Sunday school at noon. Junior and Senior Y. P. S. C. E. at 4 and 6 p. m. respectively. People's service at 7, when the pastor will continue the talks on "Difficulties With the Bible" with a lecture on "The Romantic Story of the English Bible." Everybody is cordially welcome.

First M. E. Church—The pastor, Rev. W. W. Woodside, will preach both at the morning and evening services. Subject of the morning sermon: "The Voyage of Life." Sunday school 12 p. m. The Junior League will meet with the Sunshine Mission Band Friday afternoon instead of 3 p. m. Sunday. Epworth League 6:30 p. m. The regular evening service will begin at 7:30 p. m. The pastor's theme will be: "A Day of Wonders." Short song service before the sermon. The male quartette will sing several special pieces. Welcome to all at these services.

Christ Church—Third Sunday after Easter. Celebration of the holy communion 8 a. m. Sunday school 9:30 a. m. Morning service and sermon 10:30 a. m. Sermon topic, "The Good Shepherd." Young People's meeting 5 p. m. Evensong and sermon 7 p. m. Sermon topic, "The Individual and the Masses." Service Friday 7:15 p. m. Confirmation lecture Sunday afternoon at 4:30 p. m.

Mary Kimball Mission—106 South Jackson street. City Missionary Kimball, pastor. Sunday school at 2 p. m., at which time Rev. D. L. Shultz, the "newsboy evangelist," will address the children. There will be no preaching service in the afternoon. Preaching at 7 o'clock p. m. by Rev. D. L. Schultz. Meetings at the mission chapel, conducted by D. L. Schultz. Everybody invited to any and all of these meetings.

A FRENCH GOWN OF DOTTED BATISTE FROM HARPER'S BAZAR

A very dainty design for transparent dress fabrics, a pattern of which is issued with the current number of Harper's Bazar, where the gown appears, represents one of the many varieties of skirts now in vogue, and a charmingly simple bodice which is worn with a fichu. The skirt has a front gore, the rest of the upper part of this garment being fashioned to keep the circular lines but with this difference; a very slight fullness is allowed, which may be gathered in the centre of the back or turned inward at the placket in two single pleats. This circular back of the skirt is only a little longer than a yoke would be, but attached to it and sloping upward from about one-third of the length of the front gore is a flaring ruffle which assumes the dimensions of a short train in the back. The seam, which is formed by the joing of ruffle and circular top skirt is hidden under a full ruffle of point d'esprit, which not only curves around the hips, but extends down the front seams and around the full ruffle. An allowance of ten inches is made in the back of the pattern for the train. The back of the bodice is shirred at the waist-line, and the front is fitted in the same manner. A fichu, here rendered in batiste and edged with point d'esprit, but which may be made as effective if done in white mull or muslin, is the only garniture of the bodice, except the peau de soie ribbons wyich are employed at waist and collar. The easy-fitting sleeves are slightly gathered over the shoulders, the fulness being distributed between the two notches which appear on the pattern. The wrists are finished with a sharp point formed over the upper part of the hand, and a fall of lace is added, but this may be omitted if desired.

A very interesting series of lectures is now being given at the Baptist church, Sunday evenings, on "Difficulties With the Bible." Mr. Kempton is frankly considering the difficulties that meet thinking men. Tomorrow evening he will speak on "The Romantic Story of the English Bible," a fascinating subject almost unknown to the majority of people. Persons of all beliefs and no belief are cordially invited to attend.

Seventh Day Adventists will hold meetings at Corn Exchange hall. Services will be conducted by Elder C. W. Olds, assisted by Prof. J. W. Beardslee, as follows: Preaching Sunday evening; prayer and social service Wednesday evening, and preaching Friday evening. Sabbath school, Sabbath (Saturday) at 2 p. m., followed by preaching at 11 a. m. All evening services at 7:30. Everyone welcome.

Presbyterian Church—Morning service at 10:30 o'clock. Sermon by the pastor, Edward H. Pence, subject, "The Threefold Christ; Finding and Following Him." Evening service at 7 o'clock, subject, "The Moral Uses of Heedfulness." Young people's meeting at 6 p. m., at which reports will be made of the convention at Sharon. Prayer meeting on Thursday at 7:30 p. m.

Congregational Church—Robert C. Denison, pastor. Morning service 10:30 o'clock, sermon subject, "The Satisfaction of Humanity in Jesus Christ." Sabbath school at 12 m. Junior Y. P. S. C. E. 4:30 p. m. Senior Y. P. S. C. E. 6 p. m. Evening service at 7 o'clock, sermon subject, "Lofty Motive and Pure Life the Requirements for Greatest Actions."

First Church of Christ, Scientist—Services are held in Columbia hall, corner Jackson and Milwaukee streets, Sunday, 10:30 a. m., Wednesday, 7:45 p. m. Sunday topic, "Probation After Death." Sunday School immediately after morning service. All are welcome.

All Souls Church—Unitarian—Rev. A. G. Wilson, pastor. Services at 10:30 a. m. Subject of discourse, "Present Rights of the Coming Man." A practical sermon on a neglected theme. A new order of service will be introduced. No evening service.

LOCAL DIVINES TAKE PART

Ministerial Association Meeting To Be Held In Edgerton.

The Ministerial Association of the Janesville district will convene at the M. E. church in Edgerton next Monday and Tuesday. A public meeting will be held on Monday evening and sessions all day Tuesday.

A most interesting program has been prepared and local divines will take part.

Rev. Walter A. Hall will talk on "How I Prepare My Sermons."

Rev. W. W. Woodside will also take part as will Rev. Sabin Halsey, now of Sharon.

Preachers of the Janesville district assemble twice a year. In the spring is held what is called the Ministerial association meeting and in the fall the regular district conference.

The object of the Ministerial association is to offer ideas and formulate plans for effective christian work.

The district conference carries along work in the same lines, and also listen to the reports of the pastors of the district.

THE TELEGRAPH CREW FINISH

Having Been Working Between This City and Green Bay.

The local crew of line repairers, who have been repairing the wires of the Western Union Telegraph company along the Northwestern road between this city and Green Bay, have arrived in Green Bay, and are now making such repairs to the wires in that city as are found necessary.

The work has taken several days, and the men employed make this city their headquarters.

PLEASED WITH BUSINESS

Postal Telegraph Auditor Visits Janesville and Is Surprised.

HARMONY YOUNG COUPLE WED

Mary Agnes Costigan and Joseph P. Dunphy Wed

Miss Mary Agnes Costigan and Joseph P. Dunphy were quietly joined in matrimony on Wednesday, April 12, at St. Mary's church. The ceremony was performed at 10 o'clock a. m., Rev. Father William A. Goebel officiating. A reception followed the ceremony both afternoon and evening. The bride is a daughter of Mr. and Mrs. James Costigan, of the town of Harmony, and the groom is a resident of the same town.

THEATRICAL TREAT COMING NEXT WEEK

JANESVILLE THEATRE GOERS TO SEE WILLARD NEWELL.

"A Jay on Broadway" Failed to Draw a Crowded House Last Evening—Matinee Given This Afternoon—Repertoire Closes This Evening With "Cryano de Epecac."

On Wednesday, April 19th, our readers are to see Willard Newell in the role of the facially deformed but mentally perfect hero of Rostand's play, the much talked of, long expected Cyrano De Bergerac.

To say that more than usual interest has been displayed in the production of the great play is to faintly express the enthusiasm produced in every city where it has visited and here probably as much as elsewhere the announcement of its coming will produce a thrill of anticipated pleasure in the breasts of lovers of high-class drama.

In justice to the artists we will not give an extended description of the play, for to do so would be like telling the plot of a novel to intending readers and thus diminish its interest, but we will say that the play will be given here in its entirety with all it wealth of scenery, costumes and properties by a company

as efficient as any that has produced it, headed by Mr. Willard Newell and Miss Vaid de Vernon, than whom no more painstaking and capable artists are on the stage. A theatrical treat is assured all those who attend the performance of this most remarkable play.

A fair sized audience greeted the Blondells last evening at Myers Grand in their production "A Jay on Broad-

"Happy is He That Chastens Himself."

Self chastening once meant that the body was to be disregarded, despised and even injured. Today it means that is is to be cared for and protected, made "beautiful, entire and clean." To do this, the messenger that visits every part of the body must be able to furnish good material to the organs under his care and supervision.

This messenger is blood, that wonderful life giver. If you want to protect yourself and want your blood to be quick and active, cleanse it of impurities. Hood's Sarsaparilla does that to perfection, and it is unfailing. Nature seems to have set this remedy apart to make the blood pure.

Debility—"I was weak, run down and nervous. Severe pains in kidneys, with heart trouble. Hood's Sarsaparilla made me strong and new. It is an honest medicine." CHARLES HENDERSHOT, 314½ W. Main Street, Amsterdam, New York.

Dyspepsia—"Suffered everything but death for years with dyspepsia. Nothing relieved me until I took Hood's Sarsaparilla and it made and kept me well. Can eat anything I wish." MRS. EUGENE MURPHY, Hull's Mill, Danbury, Conn.

Eczema—"We had to tie the hands of our two year old son on account of eczema on face and limbs. No medicine even helped until we used Hood's Sarsaparilla, which soon cured." MRS. A. VAN WYCK, 123 Montgomery Street, Paterson, N. J.

Rheumatism—"Inflammatory rheumatism caused me suffering so that I could not sleep or walk. Had no appetite and medicine seemed useless. Finally used Hood's Sarsaparilla which took away all pain." MRS. STELLA NORRIS, Marion, Ohio.

Nervousness—"I was weak, nervous and very delicate, staggered in attempting to walk. Hood's Sarsaparilla and Hood's Pills made me well. I feel like another person." MRS. LIZZIE SHERBERT, Conduit Street, Ext., Annapolis, Md.

Let Us Overhaul Your Bath Room.

A great many bath tubs in this city were put in years ago. Likewise water closets. They are foul, ill-smelling and unwholesome and a menace to health. Bath tubs were boxed in and pipes out of sight, often leaking gas and accumulating dirrt. You should throw these out and put in a bright porcelain tub and a syphon water closet with exposed nickel water pipes. You will take more comfort than you can imagine. The price for this kind of this kind of work has got down to reasonable figures now. If you think of doing anything to your bath room. We will be glad to give you an estimate of the cost and other information and help which our experience would suggest.

WEEKLY REVIEW OF TRADE.

Good Conditions Noted in All Legitimate Business.

INJURY TO THE WHEAT CROP.

Prices for the First Time This Year May Be Said to Have Actually Reflected Crop-Damage Reports—Money Market in a Safe Condition.

New York, April 15.—R. G. Dun & Co.'s weekly review of trade says:

"There is still increase in all legitimate business and the productive power of great industries increases even though some of their stocks decline. The sharp reaction in speculation a week ago in no way affected the producing capacity of furnaces or mills and has been in part recovered, while the disturbance of business caused by the formation of great combinations has in large measure ceased. The money market is in safer and more wholesome condition, and in spite of four heavy payments by large syndicates, amounting to about $50,000,000, has grown easier. The only stringency has been in call loans. It is not owing to speculation alone that payments through the chief clearing houses have been 80 per cent larger than in the same week of 1892, and 103.3 per cent larger than last year. New York transactions far exceed those of any previous week, $1,468,502,709 in amount, but outside New York the clearings were 41.5 per cent larger than in 1898, and 44.6 per cent larger than in 1892. The truth is that no such expansion in the general business of the country has ever been seen before.

"Failures for the week have been 188 in the United States, against 254 last year, and 22 in Canada, against 18 last year."

Bradstreet's says:

"Real spring weather has improved the tone of trade, particularly retail, and correspondingly helped jobbing distribution, but, at the same time, brought last winter's injury to the wheat crop more in evidence. Wheat prices for the first time this season may be said this week to have actually reflected crop-damage reports. Other cereals are but little changed, while the movement of our breadstuffs abroad at present seems to be on a lessening scale.

"Wheat, including flour, shipments for the week aggregate, 1,983,619 bushels, against 3,384,800 bushels last week. Corn exports for the week aggregate 2,666,126 bushels, against 3,724,654 bushels last week."

Alger Refuses to Resign.

Washington, April 15.—Secretary Alger put an effective quietus on the persistent reports that he contemplated retirement from the cabinet by a positive and unequivocal statement that the reports were absolutely without foundation and that until some unforeseen and unlooked-for contingency arises he proposes to remain secretary of war throughout this administration.

Fatal Prairie Fire.

Omaha, Neb., April 15.—A prairie fire in Greely county resulted in the destruction of a large amount of property and the fatal burning of J. J. Lepper and his son of Brayton. A high wind was blowing and rendered futile the efforts to stop the fire, which burned over a large tract. Several farm buildings were destroyed.

Lives Lost by the Flood.

Sheridan, Wyo., April 15.—Millions of dollars' worth of property and many lives have been lost by the great flood here. Thus far only Indians are known to have perished, and the details are meager. Companions of the Crow Indians who were drowned place the number lost at twenty-four. The flood has subsided for the present. This city has lost five bridges, and has only three left. These are iron bridges that are located in favorable positions. Main street is cut in two by the loss of the bridge, as is Broadway and Fifth avenue.

March Imports and Exports.

Washington, April 15.—The monthly statement of imports and exports, issued by the treasury department, shows the exports of merchandise for March were $104,463,969, imports $72,793,200, an excess of exports of $31,670,769, against an excess of $51,058,313 for the corresponding month of last year. For the nine months ending in March the exports were $947,919,405, imports $499,995,033, an excess of exports of $447,924,372.

Fee Bill Killed in Michigan.

Lansing, Mich., April 15.—The house Friday defeated the bill substituting salaries for fees for compensating county officials. The passage of this bill was demanded by the state grange and all the other farmers' organizations in the state, but it received scant support. A bill making the lowest wages to be paid to city laborers in Detroit $1.50 per day has passed the house.

China to Open Three Ports.

London, April 15.—The Chinese government, according to a dispatch from Shanghai, has assented to the proposal to open three new ports in the provinces of Kiang Su, Kiang Si and Ngan Hwei, or An-Hui.

Argentine Wheat Crop.

Buenos Ayres, April 15.—The wheat harvest has begun. It is estimated that 1,500,000 tons of wheat will be available for export.

way." The audience last evening was much smaller than the previous evening, when the Grand was crowded to the doors to witness the opening of the Blondell's repertoire by the presentation of "A Cheerful Idiot," although the latter was equally as good and well received. The specialties were very good.

This afternoon a matinee performance was given at which a double bill was presented, one of the plays being "A Cheerful Idiot." This evening the Blondells will conclude their engagement in this city with "Cryano de Epecac, a musical travesty on the reigning dramatic sensation.

THE TALK OF THE CITY

It's of Interest to Our Readers, Because It Refers to Janesville People.

It's astonishing how news will spread. From every ward and street we hear of our people talking about the workings of the Little Conqueror. Merit and honorable methods receive their just praise. So many cases are cropping up that it is next to impossible to investigate them all, but we have taken a few in hand and have given them publicly for the benefit of our readers. Our representative obtained the following statement of facts in a personal interview. They are true in every particular and no stronger evidence can be obtained than home endorsement.

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says;

"Seven years ago I injured my back by falling through a bridge near Afton, into the Rock river. I was on a traction engine, its weight broke through, and the whole thing went into the stream. Since that time my back has ached by spells, sometimes very severely. If I caught cold it settled in my kidneys and if I brought a strain on my back lifting, the result was a bad backache and sharp twinges of pain in my loins. I procured Doan's Kidney Pills at the People's drug store and after I used them I was free from backache. I am in better health than at any time since falling through the bridge, 'It is for just such complaints as I suffered from that I can recommend Doan's Kidney Pills."

Doan's Kidney Pills are for sale by all dealers. Price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other.

WHAT FREE TRADE WOULD DO.

Free-traders would disperse our shipwrights, deprive our country and the world of the fruits of American genius in this grand pursuit, and make American shipbuilding a thing of the past. Free-Trade Britons are trembling with fear at the results of protection in the United States. Mr. Bryce, one of the strongest opponents of protection, in an address before the chamber of commerce in Liecester, a few days since, said the sale for British manufacturers could not increase to any vast extent until foreign countries did away with their "unfortunate" policy of protection. The export trade of Germany and the United States was increasing rapidly, he said, and that of the states was developing in many important lines of business in which his hearers might have expected England to continue to hold her own against any country; but in the production of electrical plants the Americans were taking the lead, and they had recently taken large contracts for rails for East Indies, because they could produce them at a cheaper rate than Great Britain could. He found that between 1891 and 1897 Germany hand increased her export trade by $21,000,000. The United States had increased theirs in the same period by $34,000,000, while the export trade of Great Britain fell off by £15,000,000. He did not say these were alarming figures, but they gave cause for reflection. —American "Shipbuilder."

PREJUDICE AGAINST SUBSIDIES.

The system of discriminating duties was on trail for a good many years, and it is notable that in those years there was encouraging increase in the number of American vessels carrying the American flag. When the provision for discriminating duties was repealed we began to lose our hold on ocean traffic, which went into the hands of Great Britain, a country which for two hundred yerrs had encouraged by subsidy and bounty the upbuilding of the greatest merchant marine in the world. In this country prejudice was excited against the subsidy system because in two or three cases there were evasions of contract, and in other cases it was charged that undue lobby influence had been exerted.—Echange.

The Free-Traders are missing the opportunity of their lives in not charging the high price of eggs to the operations of the Dingley tariff law. Arguments based on that assumption would be no more ridiculous than some of those they have been working over time for years.—Keokuk (Iowa) "Gate City."

CUT DOWN PRISONERS BOARD

Costs Now But Ten Cents a Day to Feed Those Arrested

Chief of Police John W. Hogan says that the new city lockup will in time pay for itself.

To verify his statement, the chief says that he has already figured out where the city will save enough money in a few years time.

For all prisoners arrested and placed in jail by city officers, the sheriff receives forty cents a day.

This money is paid by the city until the prisoners are committed by the court.

At the new lockup, it costs on an average of ten cents a day to care for a prisoner.

The numerous tramps that find shelter in the new lock-up these nights are discharged without food.

WANTED TO RESCUE HESS

Jack Gagan, of This City, Placed In Portage Jail

"Mysterious Jack" Gagan, of this city, made his way to Portage this week for the purpose of rescuing Jack Hess from the Portage jail if such a thing was possible.

On arriving at Portage he did not indulge in any unfair means to free his friend, but politely went to the jail and asked the sheriff for an interview with Mr. Hess.

Thinking that all was not right he placed Gagan under arrest thinking that he might be wanted as a pal of Hess.

When Turnkey Brown went after Hess this week, he readily identified Gagan who was then given his liberty.

SHIP BODIES AS REGULAR BAGGAGE

MILWAUKEE ROAD HAS NEW DEPARTURE.

Undertakers and Sorrowing Friends Will Now Be Put to Less Trouble —Check All Corpses the Same As Trunks—Does Away With All Transfer Difficulties.

As a result of the efforts of W. D. Carrick, the general agent of the Chicago, Milwaukee & St. Paul railway, an innovation has been made in the system of shipping bodies of the dead over the Milwaukee road and over the lines of thirty other roads in the west, northwest and the east. Under the new system, corpses can be checked, the same as a piece of baggage is forwarded, and by this means not only absolute accuracy as to movement, destination, etc., is assured, but all annoyance to friends in looking after the bodies to transfer points, etc., is ended. The arrangement is simple and disposes of a great deal of former inconvenience. A strap check is attached to the outer box, just as it is to a trunk, and the friends receive a check slip issued on account of the ticket purchased for the body, the same as for any other baggage, which transaction ends their trouble. The Milwaukee road has also adopted this system for handling bodies to and from all local stations on its lines, being the first road in the United States to do this in relation to short distances and local points.

CHIMNEY FIRE CAUSED ALARM

Department Called to Mrs. Conroy's Center Street Home

An overheated cook stove at Mrs. Michael Conroy's house, 58 Center street, ignited the chimney and was the cause of the fire alarm that was turned in at 10:30 o'clock this morning.

The department responded in quick time but their services were not needed, as the flames were under control soon after being discovered.

The damage was small.

Ideal Jersey Milk

does not have the taste of the stable.

It is carefully cooled and aerated.
It is very rich in butter fat.
It is put up in pint and quart bottles.
It is not slashed around in a can and exposed to dust and contamination every time the cover is taken off to serve a customer.
New tickets given every time. No re-issue of dirty, greasy tickets.
It is a great deal better and does not cost any more than any other milk.

Stands for Money

—what we're all after, and if we can convince you that our Shoes are better than other, even if you have to pay "a little more" are not "good Shoes" the cheapest in the end? Did you ever have anybody tell you that they made any money by buying cheap stuff all the time? There's no money in poorly made Shoes.

Our Styles for This Spring...

have the stamps of the best American makers. Our stock is all new and clean and we ask but a living profit.

The Shoes . . .

The ladies best like are the "Mannish Shape." These styles are taking in all the large cities and are proving popular sellers. We have anticipated this demand and have bought accordingly. In tan and black, all widths and toes, **$3.00 and $3.50.**

Dress Shoes . . .

Are not so wide in the toe—more of a straight last. We have some new ones that will please you, beautiful fitters, and made from the best vici kid stock—**$3.50 and $4.00 a pair.**

A Shoe . . .

For the "Little Gent" and school miss, made from this vici leather plump stock, makes the best record for wear. In the "Little Gent" it is made like a man's Shoe—low heel, with hooks and back stays, **$1.35 a pair.** The Misses' have the spring heel on the new toed last—**$1.25 and $1.50 a pair.**

German Cakes For Saturday.

STREAUZEL KUCHEN.

That German coffee cake made famous from its goodness. Nothing like it; we made a hit when we placed it on sale among the grocers and in our wagons.

A Great Big Square, 9x12 inches for 10c.

The people who have tried it once, eat it regularly every week and they all tell their friends of it—that is why our trade is so large on this German delicacy. Its fresh every Wednesday and Saturday.

Only One of Our Coffee Cakes.

We make a number of special coffee cakes, only obtainable through our agenis, the grocers, or our wagons, or at our bakery, at the rear of the postoffice. Turk's Head, the only 5c coffee cake in the city. A large round cake, made delicious with raisins, currants, and citron. Cabbage Heads, 10c., have sugar icing as a covering and are delicious. Half moons, 10c; these are covered with sugared icing and are very nice as a coffee cake. There is a secret in making good coffe cake and we are the only bakery in Janesville that know how to bake them successfully. Ask your grocer for them or hail the wagon. **HOCKETT'S BAKERY, Rear Postoffice.**

HALE'S COUGH CORDIAL.

BEHOLD, A CLOUD OF WITNESSES TESTIFY.

Dr. Holman S. Humphrey, the specialist in Throat and Lung diseases, states:

"The prescription for Dr. Judson Hale's Cough Cordial I consider a most excellent one, and I have used it in many cases with the best results. The preparation given in small doses at frequent intervals affords immediate relief in Bronchial affections, and for Throat and Lung troubles I believe it to be one of the very best remedies for general use in the family."

WHAT GOVERNOR PECK SAYS.

The Sun would not knowingly lead any person astray on the subject of patent medicines, but it knows that Hale's Cough Cordial will take a cough by the nape of the neck and shake it out of the lungs as quick as lightning. That is 48 hour lightning.

"I have made use of Dr. Hale's Cough Cordial for an affection of the throat, and regard it as an excellent remedy. REV. M. G. HODGE." Baptist Church, Janesville.

"We have never known so good a remedy for a cold or cough as Hale's Cough Cordial. We are daily using this medicine in our family, and pronounce it an excellent good thing. We cannot afford to be without it. E. O. KIMBERLY, Janesville."

"My daughter suffered from a severe cough nearly all winter, without finding any remedy that gave relief until she used Hale's Cough Cordial. One bottle performed a cure. WM. CANNON, Janesville."

MRS. SOUTHWORTH SUES FOR DIVORCE

FORMER LOCAL DIVINE THE DEFENDANT.

Another Interesting Chapter Involving the Unitarian Minister—Officers Secure the Two Sons From Father At Denver—Good Sized Alimony Requested By Court.

Rev. Victor E. Southworth, who moved from Janesville to Greeley, Colorado, and then eloped with another woman leaving his wife behind, is still in hot water.

The Denver Times, of April 10, says:

Rev. Victor E. Southworth, a former Unitarian minister of Greeley, but now of this city, was deprived of his family of two boys in an unceremonious manner this morning by Deputy Sheriff Sid McDermott.

About a year ago the town of Greeley was thrown into consternation by the elopement from that city of Rev. Victor E. Southworth and Mrs. Nellie Jastrowitz, widow of I. Jastrowitz, who at one time was a partner of A. Z. Salomon, the Sixteenth street merchant. The fleeing couple came to Denver, where they lived unmolested.

Last October Southworth began to pine to see his two bright boys and went to Greeley and to the home of his wife where he demanded the boys. She was firm and refused to give them up. By a display of firearms and with many threats Southworth obtained possession of the children and brought them to Denver.

Mrs. Southworth applied last week, in Greeley, for divorce, and Judge Boughton dispatched Town Marshal Camp of that city to Denver for the children. On arriving here on the 10 o'clock train he was accompanied to the house that shelters Rev. V. E. Southworth and Mrs. Jastrowitz. The residence is located one mile beyond Jesuit college, and while McDermott went to the house the marshal went to the school, where he located the boys. McDermott, upon telling of Mrs. Southworth's application for divorce, was received with great rejoicing by the pair. Mrs. Jastrowitz gesticulated wildly and planted a kiss squarely on the lips of her preacher lover.

"But," continued Deputy Sheriff McDermott, "here are papers compelling you to pay $150 within thirty days and $30 a month permanent alimony."

At this Southworth was somewhat taken back. "I will never appear in court," said he, at which he was informed he would be put in jail.

"Me, a minister and expounder of the gospel, to be so humiliated? Impossible. Yet," he continued, "I would grace even a felon's cell and would honor any courtroom ever built."

At that moment the marshal was observed coming with the two boys, who bid farewell to their father and left on the afternoon train for Greeley, where they will hereafter reside with their mother.

The boys are bright, pleasant little fellows, one eight and the other ten years of age.

SECURING BASE BALL TEAM

Indications Are that Their City Will Have a Good One.

Secretary J. C. Kline of the Y. M. C. A., says that the local association will have a first class base ball team this year.

Also that he can make this statement stronger by saying that it will be the best team that the association ever had.

Arrangements are now being made to secure Adkins, the well known pitcher the Waupun team. Edward and Robert Brown, of the Beloit College team, may also be induced to play here. W. H. McMasters, another Beloit College player, may be brought here from Sioux City, Iowa. D. D. Fisher, who pitched here last year has been asked to join the local team. He now resides at Lincoln, Neb. A. G. Schlander, who pitched for the university team last year, writes from Valparaiso, Ind., that he will come if proper inducements are offered him.

HEALTH OFFICER'S WARNING

Says That All Alleys Must Now Be Cleaned.

City Health Officer Dr. James Gibson says that all local merchants must now see that the rear of their places of business are kept clean, as required by the city ordinance.

The warm weather of late has had the result of making all rubbish heaps disagreeable obstacles, and in many instances the smell from them has been very unpleasant, to say the least.

Officer Gibson has made a close inspection of late, and now gives fair warning to all to commence their spring cleaning. This warning in particular applies to local merchants who use rear alleys for storing rubbish through the winter.

HARLOW'S VALUABLE PATENT

Truscott Boat Company Will Place It on the Market.

J. C. Harlow of this city, who recently received a patent on a collapsable and adjustable canopy for launches, has placed his patent in the hands of the Truscott Boat Company of St. Joseph, Mich., for manufacture.

The Truscott company will have the exclusive handling of this patent for the next two years, and for every one they sell, Mr. Harlow receives a handsome royalty.

It is quite evident that Mr. Harlow has a good thing, for several of the largest boat building firms in this country have been trying hard to secure the exclusive handling.

ROASTED CHEESE.—Half a dozen slices of bread, a quarter of a pound of cheese, two tablespoonfuls of butter, the yolks of two eggs, one teaspoonful of dry mustard, one-fifth of a teaspoonful of cayenne and half a teaspoonful of salt. Break the cheese into bits. Put it into a mortar with the other ingredients, except the bread, and pound all to a smooth paste. Toast the bread and after spreading it with this mixture lay it in a pan and put into a hot oven for four minutes. Serve at once.

BREAD PUDDING.—Soak one pint of stale bread in one quart of cold milk for two hours. At the end of that time mash the bread fine. Beat together three tablespoonfuls of sugar, one teaspoonful of salt and two eggs. Stir this into the bread and milk. Pour the mixture into an earthen pudding dish and bake in a slow oven for three-quarters of an hour. Serve with vanilla or cream sauce.

MILWAUKEE ROAD WILL NOT BUILD

NO PASSENGER STATION THIS SUMMER.

So Says Second Vice President Earling and He Ought to Know—Too Much Work Now On Hand—They Will Probably Build Here Later On.

Present indications are that Janesville will not secure a new passenger station this year from the Chicago, Milwaukee & St. Paul railroad company.

The following communication under date of April 13, has been received in this city by Mayor John Thoroughgood and J. M. Bostwick & Sons, from Second Vice President A. J. Earling:

Chicago, April 13, 1899—Gentlemen: Your communication of the 28th ult. was duly received. In reply thereto, I beg to say that the company has now a larger amount of work in preparation than can possibly be completed before fall, and we cannot, therefore, undertake the construction of a new passenger station at Janesville during this year. When it is decided to erect a new station in your city, your petition will receive careful consideration.

BURGLARS AT BELOIT USE THEIR "JIMMIES"

ATTEMPT TO ENTER NEW YORK HARDWARE STORE.

Little Ethel Tully Found at Clinton Last Night and Returned to Her Home—Child Thought to Be Out of Her Mind—Confirmation at Episcopal Church.

Beloit, Wis., April 15—[Special]—Little Ethel Tully, daughter of Deputy Sheriff Ed. Tully, was found at Clinton last night and brought to this city about 5 o'clock this morning. The little girl is sick and it was found necessary to call a physician, and it is thought she is coming down with a fever. She seems to be a little out of her mind. She says as she walked toward Clinton she thought she was walking toward Beloit. It is thought the child's mind was somewhat affected when she left home.

Burglars made an attempt to force open the rear door of the Beloit Hardware Co. last night. "Jimmies" were used, but from the looks of the door it is thought they were scared away before their work was finished. M. H. Taylor is the proprietor of the store.

Bishop Nicholson administered confirmation at the Episcopal church last night to quite a number of the members of the church. The funeral of Louise Brittan will be held tomorrow afternoon from the Episcopal church.

SOME STREET NUISANCES

An Evil Here That Should Be Remedied At Once

Overloaded wagons scattering their contents through the streets of Janesville, is a nuisance that should be stopped.

This morning a load of cobs came down Milwaukee street and before it had reached its destination cobs were scattered the entire length of the street.

Mortar was carelessly strewed the entire length of South Main street yesterday because the driver was careless and left the end board loose.

Shavings from local planing mills are taken through the streets in uncovered wagons on windy days and are allowed to blow in all directions.

LADIES SURPRISE WORKMEN

Ladies of the Degree of Honor Take Them Unawares.

The members of Olive Branch Lodge No. 36, A. O. U. W., were a surprised lot of fellows last evening, but it was a very pleasant and agreeable surprise to say the least.

Just as they had finished their regular order of business and properly cared for the goat which needed a little attention, as a result of its trip to and experience at Monroe Wednesday night, in the neighborhood of fifty of the members of the Degree of Honor, who took them unaware and to make the surprise more complete, the ladies had a sumptous supper awaiting the gents in the banquet hall. It is needless to say how the gentlemen enjoyed the surprise, but such they did.

CHICKEN THIEVES AT WORK

Farmers Say They Are Bothered Much These Nights.

Farmers residing near this city have registered many complaints of late of being bothered by chicken thieves.

Chickens these days are scarce after keeping them through the winter and many refuse to sell them for market. The result is they bring in good prices. Chicken thieves are well are well aware of this fact and are at work in several localities. One town of Plymouth farmers caught a chicken thief in his new house and it proved to be one of his neighbors. He paid dearly for the part he played and thus escaped arrest.

GOLF SEASON COMMENCES

Grounds Of the Country Club Well Patronized These Days.

The golf season in Janesville is now on and the coming summer months will see many new players in the field.

The grounds are in very good condition for the time of year. No change have been made and it is not intended to spend much money on the links this year, but later on some few improvements will be made. Interest in the royal and ancient game is at a higher pitch in Janesville this spring than ever before.

ATHLETIC MEET OF HIGH SCHOOL PUPILS

EXHIBITION LAST EVENING WELL ATTENDED.

Events Took Place in the High School Gymnasium Last Evening—Included Girls' Basket Ball Game, Bicycle Trick Riding, Wrestling Matches, Tug of War, Etc.

There was a large attendance at the athletic meet in the High school gymnasium last evening. Although the meeting was hurriedly planned, it nevertheless proved most interesting to the spectators and proved that there was excellent material in the athletic line among the High school pupils.

The first wrestling match was between Fern Carr and Ross Bump, which was an excellent exhibition. A down was called for Bump, but being a doubtful decision, the match was called a tie. The match between Arthur Eddington and Ross Knox, was won by the first mentioned, after some lively work.

The sophomores won against the freshmen in the tug of war. There being no junior team, the seniors pulled against the sophomores and won.

Fern Cark and Gail Nicholson did some clever trick riding, and were heartily applauded and was a feature of the evening.

The tumbling by Bump, Nicholson, Carr and Eddington, was excellent, and was also a feature of the evening.

A basket ball game took place between two picked teams of girls, resulting in a score of 8 to 0, the points being made by Sarah Venable, Cora Bonesteel and Libbie Gravlyn, of the winning team. The line up was as follows:

Libbie Gravlyn, Sarah Venable } ....Forwards.... { Edna Rogers, Cora Brown
Coral Bonesteel.....Center.....Ethel Brown
Dora Hollis, Josephine Treat } ....Guards.... { Fannie Bennett, Mildred Hatfield

The winners in the other events were as follows: Ten yard dash, Ross Bump; high jump, Fern Carr, 4 feet, 11 inches; three legged race, Lloyd Porter and Arthur Bauman; eight lap walk, Lloyd Porter; fifteen yard dash, Ross Bump; pole vault, Arthur Anderson, 7 feet, 6 inches; pick a-back race, Arthur Ryan and Levi Ross.

RAMBLER WHEEL IN SMASH-UP

F. C. Hazelton struck by No. 2 hose wagon.

Rambler bicycle twisted, bent and jammed. Only rim broken.

Mr. Hazelton escaped without injury.

3525 pounds against 23 pounds. Something ought to give. Rambler joints didn't.

Horse jumped on it. Wagon run over it. Sprocket wheel bent double, not broken.

Front forks bent and twisted. Not a joint started to break.

Spokes literally tied in knots. As good as ever.

Frame buckled. No connections started.

Rambler Bicycles.

People buy Ramblers because they have trusted the Rambler builders for **20 years.**

With Ramblers at $40

It would be false economy to buy any other sort of wheel.

Praise the Optical Work of W. F. HAYES, the Eye Expert : : :

His long experience, covering all classes of refractive work, and his familiarity with modern methods for the testing of eyes and fitting glasses makes him thoroughly capable in every way.

He can be consulted at F. C. Cook & Co.'s Saturday and Monday of each week.

Chicago, Feb. 10, '99.

W. F. HAYES:

Dear Sir—When in the city, please call, as I am anxious for you to fit my eyes to glasses. Those were the best I ever had—the ones I got at your place of business. I see by The Gazette you are still there. I have just returned from New York where I buried my father, and lost my glasses—the ones that were a perfect fit. There are others here that would be glad to see you, and will let them know as we could all meet you, and you no doubt will dispose of several pairs of glasses; so if convenient let me know.

GOV. PINGREE ON TRUSTS.

Speaks to a Big Audience at Cooper Union Hall in New York.

New York, April 15.—The announcement that Gov. Hazen S. Pingree of Michigan was to speak under the auspices of the People's institute at Cooper Union hall attracted an immense gathering Friday night. Gov. Pingree spoke, from manuscript, in part as follows:

"There is no more important problem before the people today than the trust and what to do with it. Is it a menace to our commercial institutions? Does it imperil our national life and character? Should it be made a legal outlaw or merely be regulated by law?

"The trust creates conditions more serious than any our people have ever faced, slavery and secession alone excepted. It is fraught with more consequences to the nation than the question of expansion and foreign policy arising out of the recent Spanish-American war.

"Harsh as it may sound, the trust will divide the people of this country into sharply defined classes, masters and slaves. Not the least of the benefits to come from the destruction of the trust will be the purifying to a great degree of our legislative bodies. I believe that the trust problem should not be made the football of politicians and political parties. I think all parties should make common war against it.

"I believe that government and municipal ownership and operation of railroad, street railway, gas, electric light, water and other public utilities will help solve the problems which arise from the encroachments of corporate capital. I would not have public ownership extend to anything else, because we cannot afford to discourage or stifle private enterprise."

BASEBALL SEASON OPENS.

Chicago and Philadelphia Teams Win the First Games.

The National league baseball season has begun and Chicago won its first game from Louisville. Down in Philadelphia the second of the premature games was played, and Quakers won from Senators 6 to 5. For one day, if never again, Chicago and Philadelphia stand at the head of the average column with 1,000 per cent.

Chicago, Louisville, Philadelphia and Washington—these were the precursors yesterday of the opening of the season, which legitimately begins today. Yesterday's scores:

At Louisville—

Chicago	1	4	1	1	2	3	2	1	0	—15
Louisville	1	0	0	0	0	0	0	0	0	— 1

At Philadelphia—

Philadelphia	0	0	0	0	3	2	1	0	*	—6
Washington	0	2	0	0	1	1	1	0	0	—5

Games today: Chicago at Louisville, Pittsburg at Cincinnati, Cleveland at St. Louis, New York at Baltimore, Boston at Brooklyn, Washington at Philadelphia.

Malietoa Tanu is Not the Man.

London, April 15.—R. W. Thompson, secretary of the London Missionary society, referring to a statement of the Berlin correspondent of the Times that Malietoa Tanu is described as the candidate of the London Missionary society, "at whose station Chief Justice Chambers was a guest for many months," said to a representative of the Associated Press: "We emphatically deny that Malietoa Tanu is the candidate of the London Missionary society."

Government Sues to Recover.

Los Angeles, Cal., April 15.—The government through its special attorney here has brought suit in the United States circuit court to recover the purchase price of about 30,000 acres of land sold by the Southern Pacific company to settlers, and according to a recent discussion, belonging to the public domain and not to the railroad company at the time of the sale.

Funds for St. Louis' Big Fair.

St. Louis, Mo., April 15.—Concurrent resolutions to provide for constitutional amendments authorizing an appropriation of $1,000,000 for a state exhibit at the St. Louis world's fair and giving the city of St. Louis the power to increase its bonded indebtedness $5,000,000, which is to be turned into the exposition fund, were today introduced in both houses of legislature at Jefferson City.

SALSIFY AU GRATIN.—Pass some salsify which has been carefully cooked through a sieve, reserving a few of the best pieces, which should be cut into small rounds. Mix the puree to a soft paste with some rich veloute sauce, season it with celery salt, cayenne, a very little nutmeg and black pepper. Butter some coquilles, place a layer of the puree in them, then arrange some of the pieces of salsify on it after masking them with white sauce; cover them with the puree and smooth the tops; then sprinkle lightly with parmesan and cover thickly with fine dry bread crumbs; place some little pieces of butter on the top and put the shells in a quick oven until the crumbs are evenly browned.

THE DR. WILLIAMS MEDICINE CO., Schenectady, N.Y.

Mrs. Amanda Robinson, wife of Wm. Robinson, farmer and stockman, near Howesville, Clay County, Ind., has for several years been in declining health and despondent. For three months she was so much enfeebled as to be not only unable to attend to her domestic affairs but too sick and feeble to be up and about. To-day she is in good health and able to attend her household duties.

She relates her experience thus: "I was afflicted with troubles incident to my sex and was in a very delicate state of health. I lost my appetite, dwindled away in flesh, and was greatly depressed. After taking various remedies without being benefited, I was induced to try Dr. Williams' Pink Pills for Pale People.

"Early in the summer of 1897 I procured five boxes of them and began taking the pills as directed. Before consuming the second box I could very perceptibly feel their beneficial effects. My appetite returned, complexion improved, and I had renewed strength. After taking the five boxes I felt better in every way; I was able to do my usual daily work and I stopped taking the pills.—*From the Democrat, Brazil, Ind.*

SHORT SESSION AT AN END.

Illinois General Assembly Winds Up Its Business.

CLOSING HOURS WERE QUIET.

Measures Left on the Calendar Disposed Of with Little Debate—"Lexow" Committee Appointed to Investigate Domestic Affairs of Chicago.

Springfield, Ill., April 15.—After one of the shortest legislative sessions for many years the Fifty-ninth general assembly adjourned sine die Friday night. The closing hours were without incidents of particular interest, for most of the important bills had been passed or killed before the representatives and senators began the night session.

Speaker Sherman started his end of the lawmaking machine promptly at 9 o'clock, and Lieut.-Gov. Northcott followed a few minutes later. The proceedings in the senate were remarkably quiet, and good humor was the rule.

When the legislature started its last day on Friday there were thirty-eight bills on third reading in the senate and seventy-three in the house. Before supper the house had disposed of nearly two-thirds of the bills on its calendar, and the senate made a record equally good.

In the house the Berry bill, authorizing the insurance department to employ special counsel and control the litigation of the insurance department, came to a vote and failed to pass, receiving but 71 votes. Reconsideration was demanded, and the bill passed.

The beet-sugar bounty bill passed the house, and it is believed Gov. Tanner will sign it. The bill appropriates $75,000 per annum for two years for the payment of the sugar bounty.

The Case bill to regulate the treatment and control of dependent and neglected children, known as the "Juvenile court" bill, was passed by the house, and the senate passed the parental school bill.

In the senate a heated debate arose over the passage of the Guffin "voting machine" bill. This measure provides that a certain make of voting machines may be used in cities which hold elections under the law which is in force in Chicago. The bill provides that the cost of the voting machines must not exceed $475 each.

The Erickson bill, giving boards of education the right of eminent domain for school sites, was passed in the senate.

Without a dissenting vote the senate refused to unseat Senator Joseph P. Mahoney of the Thirteenth district for the benefit of William J. Cooke, superintendent of the Chicago west park system, who has been contesting Mahoney's election.

During the closing sessions important legislation was enacted as follows:

In the house: Concurred in the senate Lincoln monument bill, which simply appropriates $100,000 for repairs on the monument on its present site, thus killing the removal project.

Killed the senate bill appropriating $50,000 for an exhibit of Illinois corn and horses at the Paris exposition.

In the senate: Killed the house bill providing that a board of five instead of the county superintendent should conduct the examination of teachers in Cook county outside of Chicago.

Passed the house bill prohibiting the use of the national flag for advertising purposes.

To Investigate Chicago.

Springfield, Ill., April 15.—The senate last night adopted a resolution similar to the one under which the Berry investigating committee was appointed to go to Chicago and investigate the police department and civil service. The language of this resolution is almost identical with that of the Lundin resolution adopted at the last special session.

Big Sums Appropriated.

Springfield, Ill., April 15.—No exact statement can be made at this time concerning the appropriations by the present general assembly. Approximately they will aggregate $11,500,000 for the next two years for all purposes. This is an increase over the appropriations of two years ago, due to appropriations for extraordinary purposes. The ordinary appropriations are very much lower than those of two years ago. The appropriations committee of each house has been at work on practically every legislative day for the last two months.

War and Peace in Spain.

Madrid, April 15.—The minister of marine proposes to construct ten armorclads and the minister of war intends submitting a proposal for compulsory military service. Senor Silvela has had several interviews with the queen regent in regard to the coming peace conference. He highly praises the czar for taking the initiative in the matter, and says that Spain should send three delegates to the conference.

Cuban Army Numbers 48,000.

Havana, April 15.—The Cuban army muster rolls, which were delivered Thursday to Governor General Brooke through Domingo Mendez Capote, show on their face 48,000 names—6,000 commissioned officers and 42,000 non-commissioned officers and privates. The whole statement is in orderly arrangement of corps, regiments, battalion and company scores.

Claim Americans Are Prisoners.

Madrid, April 15.—Spaniards who have just returned to Spain from the Philippines confirm the boast of the Filipinos that they hold a number of American prisoners.

Chicago Live Stock Markets.

Chicago, April 14.—Quite slim Friday receipts were taken off in good time to-day; cattle at firm prices, hogs at a gain of 5@10c and sheep close to Thursday's value for such. Arrivals were estimated at 1,500 cattle, 15,000 hogs and 6,000 sheep. There was strong demand for all useful cattle and hogs and sheep were closely bought up, many mixed hogs at a big 10c advance on the best price that could have been made for such the day before. Cattle are selling considerably lower than one week ago, but to-day's gain lands values for hogs a shade higher than at this time last week, and sheep and lambs have held better average throughout.

Sheridan Arrives at Manila.

Manila, April 15.—The United States transport Sheridan, formerly the Massachusetts, which sailed from New York February 19, having on board the Twelfth and a battalion of the Seventeenth infantry, has arrived here after a smooth passage.

On the night of April 11 Lieut. Meyer disappeared from the ship. The weather was intensely hot and the lieutenant was sleeping on deck and it is supposed that he fell overboard. Three private soldiers and six children of private soldiers died of pneumonia.

"NO DURN FUL."

They Didn't Need to Print the Letters Sent to Him.

Chicago News: There is a mail-order house in Chicago which has no city trade, but draws its business entirely from rural districts through the medium of catalogues and correspondence. Some of the letters received from the country patrons are not only interesting as specimens of chirography, but very amusing when the convictions they give expression to are considered. This house, in its infancy, before the innovation of the typewriter, sold a wagon to a farmer in West Virginia. The correspondence was written in longhand. Then followed a lapse of twenty years, in which time the farmer had no occasion to communicate with the merchants. Two months ago he again wrote for information concerning a wagon, and the reply, typewritten, was duly mailed. In a few days this answer came back: "Blankville, W. Va., Jan. 9, 1899.—— — & Co.—Dear Serze: Yourse abaout the waggin received an' I take my pen in hand to tell you misters that I ain't no durn ful if I ain't had no collidge edacashun, I kin read ritin' an' yew don't need tew print your letters fer me I kin readem I bot a waggin from yew twenty years ago an' you didn't hev to print my letter then an' I gess I hev lerned a few things secne then, I reckin I kin git a waggin without botherin' you folks. Yours truly, SILAS GOGGIN."

WHEN MEN ARE STRONGEST.

Up to the Thirtieth Year One Continues to Get Stronger.

The muscles, in common with all the organs of the body, have their stages of development and decline. Our physical strength increases up to a certain age, and then decreases. Tests of the strength of several thousands of people have been made by means of a dynamometer (strength measurer), and the following are given as the average for the white race:

The "lifting power" of a youth of 17 years is 280 pounds; in his 20th year this increases to 320 pounds, and in the 30th and 31st year it reaches its height, 356 pounds. At the end of the 31st year the strength begins to decline, very slowly at first. By the 40th year it has decreased eight pounds, and this diminution continues at a slightly increasing rate until the 50th year is reached, when the figure is 330 pounds. After this period the strength fails more rapidly until the weakness of old age is reached. It is not possible to give statistics of the decline of strength after the 50th year, as it varies to a large extent in different individuals.

A Shrewd Scheme.

A Boston restaurant-keeper was standing in front of his establishment grumbling at the hard times and lamenting his fate. Although he could see people walking up and down the streets, they all seemed to avoid him; and even the visitors to the town, who could not be supposed to know anything about his place, seemed to avoid it instinctively. He meditated much on his misfortune, and racked his brains to devise some scheme that would improve his business. At last an idea occurred to him. Going to a bronze founder he ordered several peculiar tablets of the kind that are seen in different parts of Boston on the fronts of houses to commemorate the birthplace or boarding-house of some one or another of the city's great men. Fastening these tablets on conspicuous parts of his building he laid in a large supply of eatables and awaited the result. Now the great point about these tablets was that they were utterly unintelligible—the inscriptions being half-obliterated Latin—but their effect was electrical. Every true Bostonian glanced at them, took it for granted that the restaurant was one of the many with a historic flavor, and patronized it at once. The strangers that visited the city looked at the tablets hopelessly, then patronized the house in the hope that they would find some one who could explain the strange inscriptions. After working this scheme for several years without being found out, the shrewd restaurant keeper had made enough money to enable him to come to New York to live.

Allcock's POROUS PLASTERS

Why are Allcock's the best plasters? Because they make the cures where all others fail. ***Why*** do they make the cures? Because they contain the right materials. Compare their fine aromatic odor with the nasty smell of all other plasters. Your sense of smell will tell you which is the best. Did you know that Allcock's have a greater sale than all the other kinds put together? Did you know that all makes and brands of so-called porous plasters are in imitation of Allcock's? But they imitate in appearance only. Don't waste your money in buying the false. Get ALLCOCK'S, the standard plaster of the world.

AT BELDING'S.

The Buggy for you To Buy is Right Here at Belding's.

Why? Because it's the best Buggy for the money you ever saw.

Because it's a Buggy with a guarantee. Not a Cheap-John affair with a gaudy paint exterior and a botch job under the flashy cover.

The finish is the best on all our rigs but no better than what lies beneath the paint and varnish.

We are making a special effort to catch Buggy buyers this year.

Just received a carload of Vehicles of all classes.

Buggies, Road Wagons, Surreys, etc., etc., made by the best factories in the country.

Our new quarters are on the raceway, across from the West Side Engine House on N. River St.

We have just had a new building added to our space—giving us the most complete establishment of the kind in this part of state.

Ladders and Step Ladders, all sizes at the lowest prices.

It Is The Height Of Many Men's Ambitions . . .

To be able to have their clothes Made to Measure. . . .

Investigation has proven to us that many of these men that we know have never worn Stein-Bloch Wholesale Tailored Garments. These garments are designed by genius and tailored by the greatest experts in the land, from fabrics which are subjected to the severest tests to ascertain the quality of their colors and their structural strength.

Copyright 1899. Stein-Bloch Co.

They are ready-to-wear and sure-to-fit at a moment's notice and are the equals in appearance and general serviceability of clothes which are made to measure and which will cost from two to three times our price.

They satisfy every craving of the man who hankers after made-to-order clothes, though at a minimum of cost. Every Stein-Bloch suit or top-coat bears this label and these celebrated clothes can be had in this section of the country from us only.

"Queen Quality" shoes.

The essence of perfection in women's shoe making . .

It is an easy matter to make a COMFORTABLE SHOE WITHOUT BEAUTY AND STYLE, or a very STYLISH SEOE WITHOUT COMFORT TO THE FOOT, but to combine the two is what constitutes ART IN SHOEMAKING. When you put on your first pair of "QUEEN QUALITY" SHOES you will find this art has been attained to a very high degree—shoes that never fail to fit—strictly correct in style—that are as easy the first day worn as an old shoe, and that retain their shape as long as the shoe lasts are "Queen Quality" Shoes—12 styles.

"THE MANNISH FAD." Style 534. "Modern Shape."

In light tan Russia calf—brass eyelets—extra heavy soles—military heels—toes thick at the ends and some wider than a silver half dollar—the Russia calf used in these shoes is the strongest leather put into women's shoes—appliant and comfortable to the foot until worn out; particularly adapted to outing, seashore and mountain wear; or for wet weather there is none better—only **$3**

Another Talk With You On Flour.

THE price of Flour is still hanging high with the millers. They are asking the retailer a good sight more in car lots for fancy patent Flour than we are selling it at in single sack lots. The mill quotations are $4.00 per barrel—$1.00 per sack—in car lots. Our prices for the choicest patent Flours of the entire country are as follows:

Washburn, Crosby & Co.'s
Gold Medal, $1.00 per sack.

Jennison's....
Very Best, $1.00 per sack

Hard to Beat,
:: AT ::
95c per sack.

We have protected our customers in Flour prices and were able to do so through our heavy early buying, securing the lowest prices when the market was just right.

We Do Our Best at All Times

Along all grocery lines to take care of purchasers in the matter of low prices. Our invoicet are always very large and whether there is an advance or not we are able to secure lower prices than small purchasers.

Gold Medal Flour will make thirty-five loaves more bread to the barrel than any other Flour. Its leavening powers are greater in every way. Gold Medal Flour requires plenty of water in its mixing. You will never be disappointed in its qualities.

Hard to Beat Flour is claimed by many to be equal to many so-called fancy patents. We sell it, however, at 95c per sack.

You should be our Flour Customer

From an economical standpoint as well as from the never failing high qualities of our Flour.
